NOTE: PAWS only euthanizes animals who have untreatable illnesses/injuries, or whose behavior would make them a danger to the public if released. In 2025, 82% (51 of 62) of animals euthanized were ailing, suffering cats and kittens with grave prognosis. Seven (7) adult dogs were euthanized because they were suffering from untreatable illnesses or injuries. One (1) adult dog and three (3) adult cats were euthanized due to untreatable, aggressive behavior. Among animals who died, 47% (7 of 15) were kittens who succumbed to untreatable illness. One (1) adult cat and one (1) kitten died due to surgical complications, one (1) adult dog and three (3) adult cats died due to untreatable illness; and two (2) kittens died to severe injuries that occurred prior to arrival.
