

OUR HOME, THEIR HAVEN THE CAPITAL CAMPAIGN FOR PAWS

Space Naming Opportunities

We invite you to celebrate your investment in PAWS by naming a space in our new facility — a lasting tribute that will touch the lives of countless pets and the people who love them. This is a unique opportunity to honor a beloved pet, commemorate a special animal lover in your life, or show your enduring commitment to animal welfare. Each named space will stand as a visible reminder of your generosity, creating a legacy of compassion and care for generations to come.

Premier Spaces

Overall Building Naming

The heart and home of PAWS' mission, this new facility will triple our current space and give Philadelphia's pets and families a shelter, clinic, and community hub that celebrates and protects their bond. Designed with light, calm, and healing in mind, the building will be a beacon of compassion — welcoming every visitor into an environment where pets find hope and families find support. It will embody PAWS' vision of rescue and prevention under one roof, ensuring that more than 40,000 animals and their families each year can find the care they need.

Overall Adoption Center Naming - \$1,000,000

The lively and welcoming place where adopters meet their new best friends, this space will serve as the gateway to happy beginnings for thousands of pets and families each year. Our new adoption center and adjoining shelter space will more than double our capacity for dogs and increase our capacity for cats by over 20%, giving each pet the

environment they need to thrive. With home-like areas for “meet and greets,” this center will provide an engaging adoption experience centered around PAWS’ trademark making approach, creating lasting bonds and lifelong memories, and enabling us to save even more lives.

Overall Clinic Naming - \$1,000,000

The welcoming entryway to PAWS’ trusted and affordable veterinary services, the clinic will serve as a lifeline for pet owners who could not otherwise access care, as well as for community cat caregivers and fellow rescue organizations who need to maximize their limited resources. With expanded exam rooms, a pharmacy, laboratory, and diagnostic capabilities, the clinic will deliver comfort, healing, and prevention in a supportive, dignified environment. This expanded facility will enable us to meet more of the community’s demand for our services and ensure we can care for even more pets whose health and futures depend on us.

Overall Surgery Suite Naming - \$500,000

The heart of PAWS’ medical services, the surgery suite will contain two state-of-the-art surgical rooms and a dedicated dental surgery room. Here, spay/neuter, oral surgery, and a wide variety of other soft-tissue procedures will be provided by PAWS’ excellent team of surgeons for animals who would not otherwise receive care. By investing in this space, donors will directly help prevent unwanted litters, relieve suffering, and give fragile, sick, and injured pets the fresh starts and healthy futures they deserve.

Overall Safety Net Program Naming - \$500,000

A lifeline for families in crisis, PAWS’ Safety Net Program offers food, supplies, temporary foster care, veterinary care, and other types of support to allow pets to remain with the people who love them. This program prevents heart-wrenching surrenders, reduces shelter

intake, and keeps families whole. Our new building will play a vital role in expanding these services, giving us the space and resources to reach even more families in need. Naming this space celebrates a vision of a community where no one has to give up their pet because of an addressable hardship.

Dog Care & Rescue Wing - \$500,000

This wing will more than double PAWS’ current capacity for dogs, providing flexible housing, enrichment, and safety for dogs of all sizes, as well as for those with age-related conditions, common illnesses and injuries, and those needing extra TLC. Featuring outdoor play yards, dedicated grooming and intake areas, and thoughtfully designed living spaces based on Fear-Free principles, the wing will ensure every dog’s time at PAWS is spent healing, socializing, and preparing for adoption. It represents hope, recovery, and a joyful second chance for dogs with nowhere else to go.

Cat Care & Rescue Wing - \$500,000

A nurturing haven for cats of all kinds, from playful kittens to shy adults, this wing is designed to reduce stress and promote healing. Located on the quiet second floor, it increases PAWS’ capacity for cats by more than 20% and offers flexible, light-filled housing tailored to their unique needs — from vertical spaces for climbing, to roomy condos for pairs and trios, to specialized areas for treatment of a wide range of illnesses, injuries, and conditions. Here, cats will enjoy a calmer environment where they can flourish, allowing adopters to experience their true personalities and imagine them at home. By naming this wing, donors will ensure thousands of cats each year

have the safety, comfort, and individualized care they need to thrive and join loving families.

Dog-Related Spaces

Dog – Housing Rooms (One Room Remaining) - \$150,000

Built on Fear-Free design principles, these housing rooms provide a calmer, more nurturing environment than traditional kennel setups. Natural light, soundproofing, and spacious layouts help reduce stress, while enrichment activities and daily care prepare dogs for their forever homes. Each room has two-sided kennel space for a total of four adoptable dogs, offering them safety, comfort, and stability during their time at PAWS, and are aimed at allowing them to shine for potential adopters, ensuring their time in-shelter is as short as possible.

Dog – Meet & Greet/Home Life Room - \$100,000

These private spaces allow families to spend quiet, one-on-one time with dogs, away from the bustle of the shelter. Designed to be calm and inviting, they help showcase dogs' personalities, making it easier for adopters to envision life together — and sparking countless “love at first sight” moments. In addition to fostering connections with future adopters, these spaces provide room for enrichment activities with staff and volunteers to help dogs stay mentally stimulated, promoting positive behaviors and smoother transitions into their new homes.

Dog – Intake Exam/Grooming Room - \$75,000

A place where new chapters truly begin. The very first stop for every dog rescued by PAWS, this room is where intake exams, vaccinations, and grooming take place to ensure each pet begins their journey safe, comfortable, and with a plan tailored just for them. Outfitted for efficiency and care, it's the place where dogs start to feel seen, soothed, and set on a path for adoption.

Dog – Individual Suites - \$25,000

Designed for dogs who would benefit from privacy, quiet, or specialized care, these individual suites offer a comfortable space for sick, stressed, excitable, or recovering animals. Each suite ensures a peaceful, safe environment where dogs can rest or receive special attention, offering a separate area for elimination and lots of space to interact one-on-one with staff, volunteers, and potential adopters.

Dog – Outdoor Yard Complex - \$350,000

A dog's happiest moments at PAWS often happen here: secure outdoor spaces where they can run, play, and enjoy fresh air. These yards are vital for exercise, socialization, and well-being, helping dogs build confidence and release stress while staff and volunteers work with them on training and play. They bring joy and health to every day of a dog's journey toward adoption.

**Large Individual Dog Yard within the overall yard complex
(Two Available) - \$150,000**

**Small Individual Dog Yard within the overall yard complex
(Two Available) - \$75,000**

Dog Food Prep & Work Room - \$75,000

The operational hub for preparing meals, cleaning and organizing supplies, and supporting daily care for dogs in PAWS' rescue program. This room enables staff and volunteers to work efficiently while meeting the nutritional, comfort, and enrichment needs of dogs of all sizes and ages.

Individual Dog Kennels (One Remaining) - \$5,000

Comfortable, spacious housing for PAWS dogs as they await adoption. These individual kennels – located in our two main dog housing rooms – are designed for safety, reduced stress, and ease of interaction, tailored to each pet's needs. In keeping with best practices, they are two-sided – offering a separate space for elimination – and exceed the recommended size for shelter housing.

Cat-Related Spaces

Cat – Maternity Rooms (One Room Remaining) - \$250,000

Safe places for our tiniest felines, these rooms ensure healthy starts for the most fragile animals we rescue. Our nurseries allow staff and volunteers to provide specialized care to kittens – both orphaned and with their mothers – until they are placed in foster care, where they can continue to be nurtured and grow big and strong enough for adoption.

Cat – Isolation Suite - \$250,000

Carefully ventilated and contained spaces where cats with illnesses, injuries, or complex medical issues can heal with the ongoing support of PAWS' medical team and animal care staff. With proper care and time, cats in these rooms can recover and either move on to foster or adoptive homes, or return to the adoption floor, healthy and ready to join their new family. The Suite is made up of two housing rooms and an adjoining vestibule for safe population management and disease control.

Cat – Front-Facing Adoption Rooms - \$150,000

Spacious, light-filled rooms with flexible housing for cats awaiting adoption. Vertical climbing structures, roomy condos, and space for pairs and trios will allow cats to thrive while giving adopters the chance to see them at their best. These rooms will be the most visible to the public, to be visited by all potential cat adopters, and therefore will feature our most social cats.

Cat – Adoptions Counseling Nook - \$150,000

A welcoming space where adopters receive personalized guidance to ensure lasting matches. Here, staff help families understand cats' personalities, needs, and histories, and get to know their preferences, experience, and lifestyle, ensuring successful adoptions that are more likely to last a lifetime.

Cat – Midway Housing Rooms (One Remaining) - \$100,000

Specialized housing for cats who need a bit more space, quiet, or care, including shy, senior, or temporary safety net cats. These rooms provide comfort and healing on their path to adoption or reunion. Access to

these rooms will be monitored by PAWS staff, ensuring cats receive a balance of attention and privacy.

Cat – Meet & Greet/Home Life Room - \$100,000

A home-like setting where adopters can interact with cats in a relaxed, natural environment. Outfitted with furniture and cozy touches, this room helps shy or stressed cats shine outside of a kennel, making it easier for adopters to envision life together. In addition to fostering connections with future adopters, this space provides room for enrichment activities with staff and volunteers to help shy cats come out of their shell or extra play time for our most active felines.

Cat – Ringworm Ward - \$100,000

Especially for our fungal feline friends (those with ringworm, a common but treatable condition), this space allows them to receive care in a safe and stress-reducing environment. With precise treatment, enrichment, and attention, these cats make full recoveries and go on to bring joy to adoptive families. PAWS' Ringworm Ward is the only one of its kind in the region; our program has saved thousands of lives and sets the bar for in-shelter (and in-home) ringworm treatment for a population that previously had few lifesaving options.

Cat – Intake Exam/Grooming Room - \$75,000

The first stop for every cat arriving at PAWS, this room ensures new arrivals receive gentle exams, vaccinations, and grooming in a calm and supportive environment. With thoughtful design to reduce stress, it provides cats the best possible start on their journey to safety, healing, and adoption.

Cat Food Prep & Work Room - \$75,000

A vital behind-the-scenes space where meals are prepared, supplies are cleaned and organized, and daily care routines are managed for cats in the shelter. Designed for efficiency, this room ensures cats receive consistent, high-quality care tailored to their needs, and staff have the tools they need to provide it. This space supports the everyday moments that keep cats comfortable during their time at PAWS.

Cat - Featured Room - \$50,000

This special room highlights cats who may need a little extra attention to find their forever homes, whether they are medically complicated, part of a bonded pair, have a quirky personality, or just have been overlooked. It offers a dedicated space where these cats can be comfortably housed and promoted to potential adopters who can appreciate what makes them special and meet their unique needs.

Cat - Featured Run - \$25,000

A large enclosure with generous vertical space that allows cats to climb, perch, and move freely. The Cat Run is designed to showcase cats who are most in need of adoption — including overlooked or longer-stay residents — giving them the opportunity to express their personalities and be seen by all visitors. This space creates connection, turning waiting into belonging and helping cats find loving homes faster.

Cat - Observation Room - \$50,000

Where healing happens for our most complicated cases, these are individual rooms for cats with highly contagious disease, serious injuries, or shy/shutdown temperaments where our skilled team can give them the medical care, peace and quiet, and monitoring they need to recover or come out of their shell. These rooms allow PAWS to rescue animals we didn't previously have space to properly accommodate, offering lifesaving options for animals with nowhere else to go.

Suites within the Observation Room (2 Suites Available) - \$25,000 each

Cat - Individual Kennels & Condos Available for Naming

**Kennels within Front-Facing Adoption Rooms
(3 Kennels Remaining) - \$10,000 each**

Large spaces to give active and social cats (including pairs or trios) room to climb, play, and shine while they wait for loving families.

**Kennels within Midway Housing Rooms
(5 Kennels Available) - \$10,000 each**

Provide a large and safe vertical space for shy or special-needs cats — including bonded pairs and trios — to be comfortable as they prepare for adoption or await reuniting with their owner.

Condos within Maternity Housing (24 Condos) - \$5,000 each
Support mothers and kittens with a safe, nurturing condo where fragile lives grow strong.

**Condos within Front-Facing Adoption Rooms
(15 Condos Remaining) - \$5,000 each**

Provide comfort, enrichment, and visibility for adoptable cats as they meet their future families.

**Condos within Midway Housing Rooms
(8 Condos Available) - \$5,000 each**

Provide comfort, enrichment, and visibility for adoptable cats as they meet their future families.

**Condos within Cat Isolation Housing
(14 Condos Available) - \$5,000 each**

Offer cats in recovery a quiet, healing space to get well and move on to foster/adoptive homes, or to adoption housing rooms to meet their new families.

**Condos within Ringworm Cat Housing
(12 Condos Available) - \$5,000 each**

Ensure cats with ringworm have safe, comfortable housing while they receive treatment and prepare for adoption.

Small Animals

Small Animal Housing Room - \$150,000

NEW to PAWS! This room represents an exciting expansion of our mission, providing a safe and comfortable home for guinea pigs and other small pets awaiting adoption. Outfitted with proper housing, enrichment, and quiet space, it ensures these gentle companions can thrive in our care until they find new homes. By including housing for small animals in our new facility, PAWS will broaden its lifesaving reach, welcoming more species into loving families and reflecting our belief that every animal deserves a chance at a brighter future.

Condos within Small Animal Housing (6-8 Available) - \$5,000 each

appointments. Designed to reduce stress with a quiet, calm environment away from dogs, it helps cats and their people feel at ease from the moment they arrive. By naming this space, donors will create a compassionate and supportive first step in every cat's journey to better health.

Dog Reception Area - \$250,000

A warm, inviting welcome for clients arriving with dogs, this reception area provides a positive first impression and sets the stage for compassionate care. By separating the dog and cat waiting areas, our new facility will significantly reduce stress for pets while improving safety and comfort for families. This space ensures dogs and their people feel supported from the moment they walk through the door.

Clinic Spaces

Cat Reception Area - \$250,000

The welcoming waiting space for feline patients and their families, this reception area is dedicated exclusively to cats coming in for veterinary

Exam Rooms (Three Rooms Available) - \$150,000

Where prevention and healing begin, these private exam rooms are spaces for veterinarians to meet with families to diagnose, treat, and prevent illness. Expanded and designed for comfort, the new exam rooms will allow us to serve more pets with dignity, compassion, and personalized care.

Exam/Grooming Room - \$150,000

This dual-purpose space serves as both a medical exam room and a grooming area, ensuring pets in our community can receive the well-rounded care they need to stay healthy and comfortable.

Thoughtfully designed to reduce stress, it allows veterinarians to provide preventative and primary care while also allowing our team to offer grooming services to improve pets' well-being and quality of life.

Exam Room/ORE Room - \$150,000

A private, serene space dedicated to owner-requested euthanasia (ORE), this room offers a compassionate and quiet environment for families to say goodbye to their beloved pets. With direct access outside, where a tranquil garden will await, this room provides the comfort, privacy, and dignity that families need and deserve during a deeply emotional time.

Garden Area Outside Exam/ORE Room - \$150,000

A peaceful retreat designed for reflection and healing, this garden provides a calming atmosphere for those dealing with grief or difficult decisions. Surrounded by native plants and greenery, it offers a private space where visitors can take the time they need to collect themselves, begin to process emotions, and honor their beloved pet.

Surgical Spaces

Surgical Room (One Room Remaining) - \$250,000

PAWS Space Naming Opportunities as of October 26, 2026

State-of-the-art surgical spaces where spay/neuter and lifesaving procedures are performed daily. Fully outfitted and designed for high-volume efficiency, it will allow us to prevent thousands of litters, relieve suffering, and provide fragile pets with second chances. By expanding our surgical capacity, we can more fully meet the overwhelming demand for affordable spay/neuter in Philadelphia.

Dental Surgery Room - \$300,000

Dental health is essential to an animal's overall well-being, yet dental disease is common among pets and often goes untreated due to cost and availability. This dedicated surgical room will allow PAWS to provide cleanings, extractions, and other procedures to prevent pain and improve quality of life. By making this specialized care more accessible, we'll ensure pets can live healthier, happier, longer lives.

"Flex" Surgical/ICU Room - \$250,000

PAWS rescues many animals who require intensive care, constant monitoring, and specialized treatment. For those who can be treated in-house, this room – within our surgical suite – will offer safe and comfortable space for them to rest and heal under the constant watchful eye of our medical team.

Cat Surgery Holding Room - \$50,000

A quiet, carefully monitored space where cats rest before surgery and recover afterward. Designed to minimize stress and promote healing, this room allows PAWS to safely accommodate a high volume of spay/neuter patients and make a tremendous impact – on each animal, and in the community as a whole.

Dog Surgery Holding Room - \$50,000

A calm and secure space where dogs are closely monitored before and after surgery. With thoughtful design to reduce stress and

support recovery, this room helps ensure dogs begin healing comfortably and safely. This space directly supports lifesaving and successful outcomes for dogs in PAWS' care.

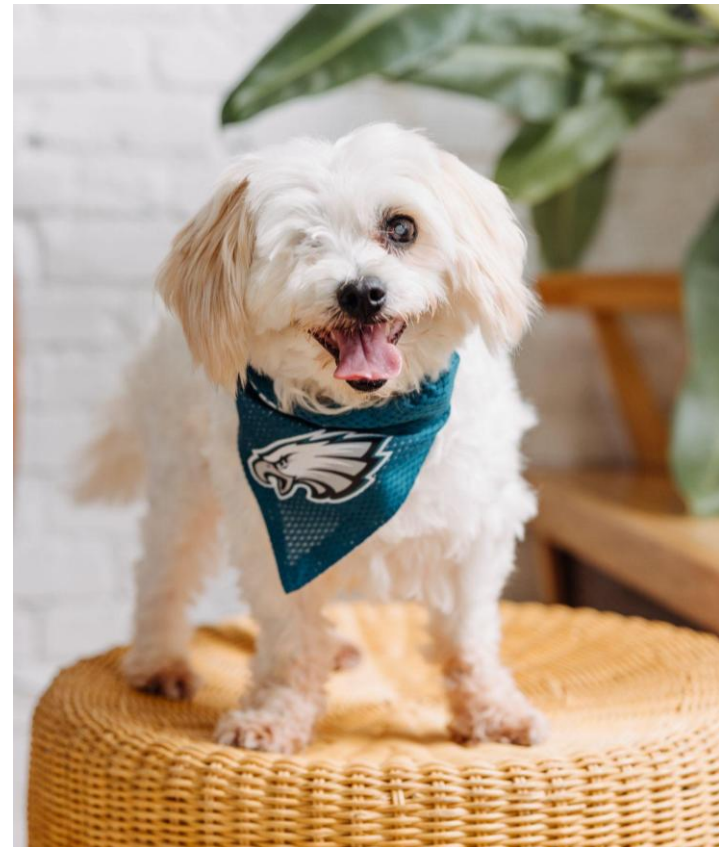

X-Ray Room - \$150,000

Equipped with state-of-the-art digital imaging, this room allows veterinarians to quickly diagnose and begin treating medical issues and save lives. Having in-house radiology ensures faster answers, less stress for the animals we rescue, and better outcomes for pets who can't afford to wait.

Laboratory - \$75,000

The behind-the-scenes hub where bloodwork and other diagnostic tests are performed to guide lifesaving care. With in-house lab capabilities, our medical team gets results faster so pets can receive treatment and begin recovering sooner — all while reducing costs for families in need.

Pharmacy - \$75,000

By housing a well-equipped pharmacy on site, we can safely prepare and dispense essential medications at the most affordable prices, ensuring pets in our care and in the community receive the treatment they need to manage pain, heal, and thrive.

Surgical Kitchen (Pack and Prep Area) - \$50,000

The behind-the-scenes engine of PAWS' surgical program, this space is where instruments are carefully cleaned, packed, and sterilized to ensure the highest standards of safety and care. Supporting more than 6,000 spay, neuter, and other surgeries each year, the surgical kitchen keeps our operating rooms running efficiently and our pets protected.

Medical Director Office - \$150,000

The leadership hub for PAWS' veterinary services, where strategies are honed, protocols are refined, and our medical team is cultivated to improve the health of Philadelphia's pets. Here, every decision is guided by expertise and compassion, shaping the future of veterinary care at PAWS.

Veterinarians Office - \$100,000

A collaborative workspace for PAWS' extraordinary team of veterinarians to plan, consult, and deliver the highest standard of care. By providing a supportive environment for our medical staff, this office strengthens our ability to save and serve thousands of pets each year.

Safety Net Spaces

Pet Food Pantry - \$250,000

PAWS Space Naming Opportunities as of October 26, 2026

A vital resource that helps struggling families feed their pets, preventing hunger and heartbreaking surrenders. By finally inhabiting a proper space in our new building, the pantry will serve even more households, keeping beloved companions healthy and at home where they belong.

Counseling Room (Safety Net) - \$150,000

A private, compassionate space where families can speak openly with PAWS staff during difficult times. Here, pet owners receive guidance, resources, and support to help them keep their pets. Naming this room honors the belief that keeping families together is not just one of the most powerful forms of animal welfare, but of human well-being, too.

Safety Net Manager & Case Worker's Office - \$100,000

The office where families in crisis find understanding, guidance, and solutions. From this space, staff provide compassionate counseling

and connect pet owners with vital resources — from food and supplies to veterinary care and temporary housing — ensuring pets stay with the people who love them whenever possible.

Cat Resource Manager Office - \$100,000

The home base for the staff member dedicated to overseeing PAWS' cat rescue efforts and community cat support services. From this office, the Cat Resource Manager coordinates intake and pathway planning for thousands of cats rescued by PAWS each year, and offers an array of support to members of the public who care for community cats or need help keeping or rehoming their own cats. This space is where PAWS' strategic approach to cat lifesaving in Philadelphia comes to life.

Community Outreach & Volunteer Mgntr's Office - \$100,000

The hub for coordinating PAWS' corps of dedicated volunteers and impactful outreach programs. From this office, staff will build and strengthen the human network that makes PAWS' lifesaving work possible, inspiring more people to engage, give back, and find meaning as they fuel our efforts in countless ways.

Shelter Manager/Dog Program Manager Office - \$100,000

The leadership hub for PAWS' dog rescue and support programs, as well as its shelter operations. From this office, our dog program manager coordinates evaluations and intake, offers support to fosters and adopters to set them and their dogs up for success together, and field requests from dog owners in the community for retention and rehoming assistance. Meanwhile, our shelter manager leads their incredible team of animal care staff and volunteers, who provide excellent daily care, clean and safe housing, and enrichment for all animals rescued by PAWS.

Other Special Spaces

Adoption Foster Team Office - \$250,000

The hub for coordinating PAWS' foster and adoption programs, where staff thoughtfully match animals with loving temporary and adoptive homes. From this office, the team supports hundreds of foster families, ensures smooth transitions for thousands of adopters, and helps animals move quickly and successfully from rescue to placement. Naming this space supports the tireless individual support, proven matchmaking, and deep relationships that define PAWS' lifesaving work and make it possible.

Multipurpose Room - \$250,000

A flexible space for training, education, and community events, this room will be alive with activity of many kinds. From volunteer orientations and staff workshops to adoption events and public gatherings, it will foster connection, learning, and collaboration throughout our community.

Outdoor Patio - \$200,000

A welcoming outdoor space where staff, volunteers, and visitors can relax, recharge, and connect. Complete with seating and greenery, it will serve as a gathering point that reflects PAWS' values of care, wellness, and community.

Conference Room - \$150,000

The dedicated meeting space for planning, strategy, and collaboration. Here, ideas will take shape, decisions will be made, and the future of PAWS' mission will be strengthened through teamwork.

Staff Break Room - \$150,000

A comfortable retreat where hardworking staff can rest, refuel, and recharge. By supporting the wellbeing of those who care for thousands of animals each year, this space sustains the heart of PAWS' mission.

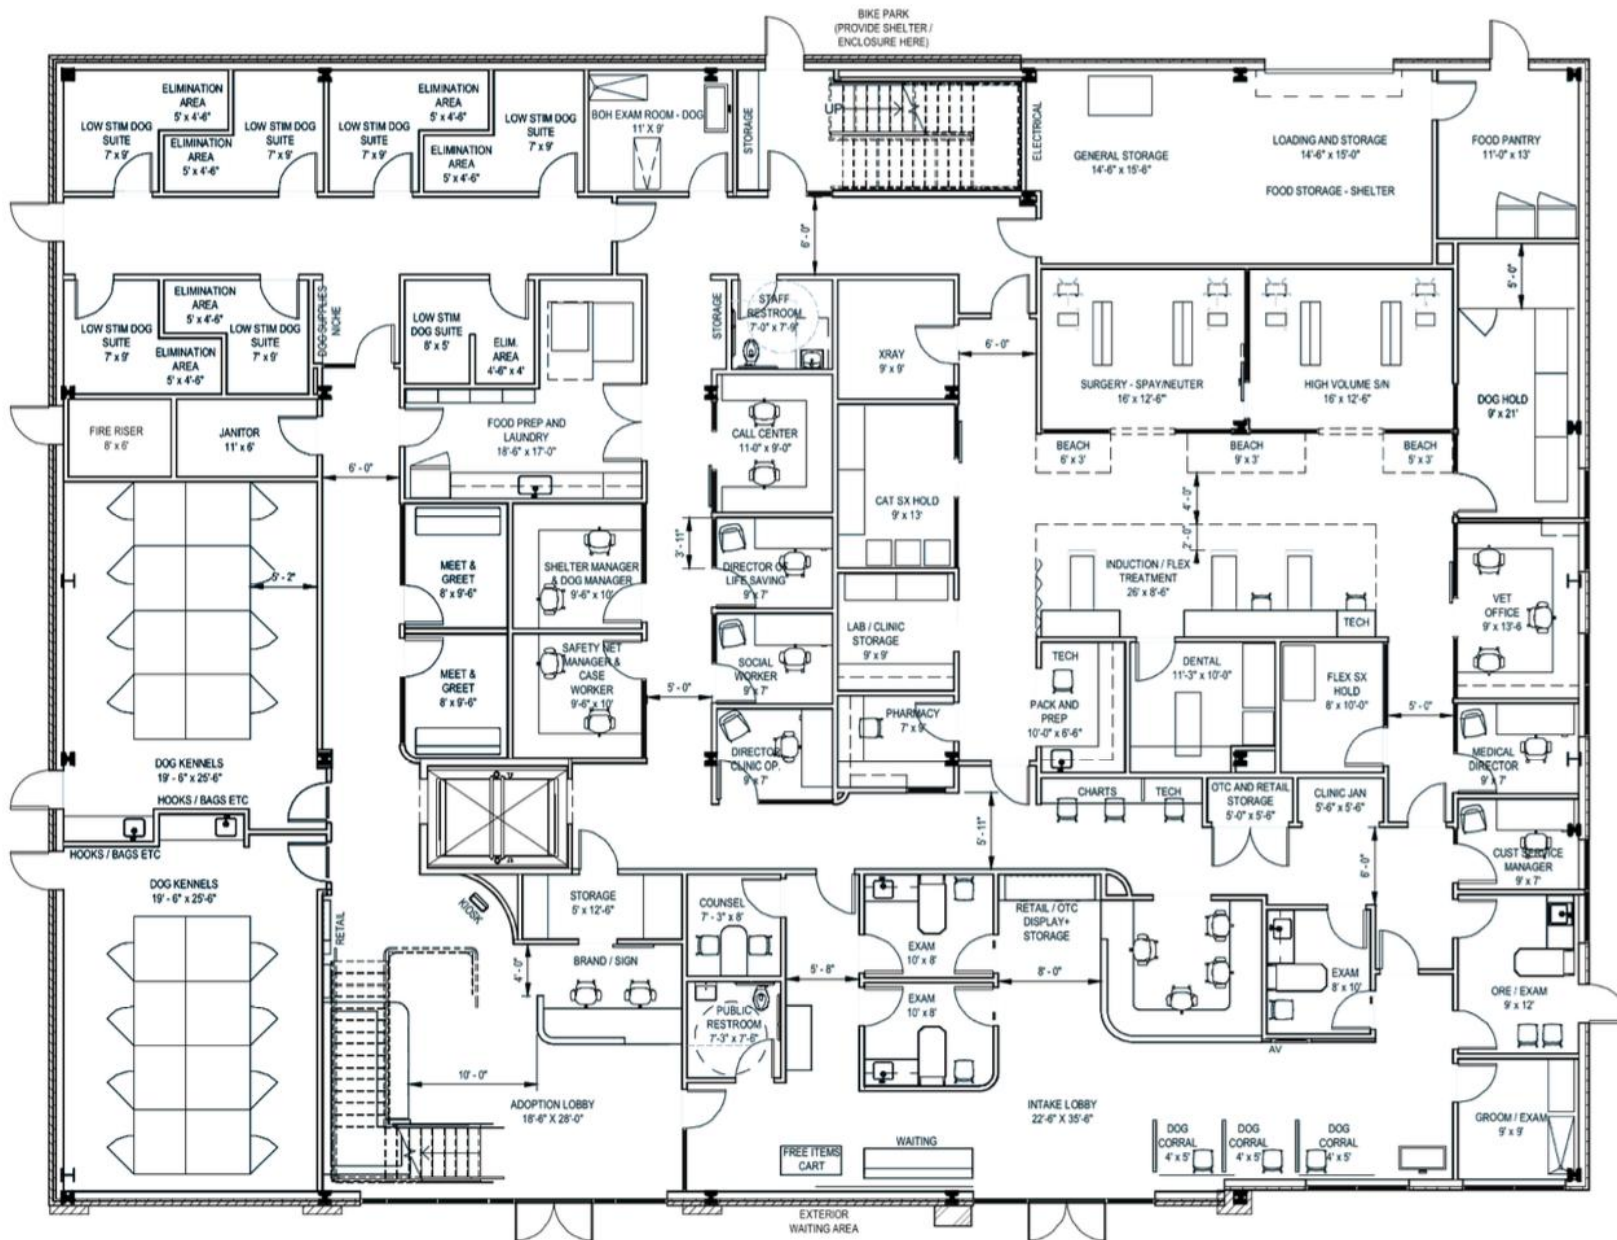

Staff Wellness Room - \$50,000

A restorative space dedicated to the physical and emotional wellbeing of PAWS' staff, who work tirelessly on the front lines of animal welfare. Designed for rest, reflection, and renewal, this room also provides a private, supportive space for nursing parents. It will help foster a healthy, resilient team, and honor the people whose compassion and commitment change lives for the better every day.

Volunteer Room - \$150,000

A dedicated gathering space where volunteers prepare, learn, and connect. As their home base, this room celebrates our volunteers' invaluable contributions and ensures they feel supported and welcome as vital members of the PAWS family.
