

# Puptalk

We are a community of dog trainers that partner with rescues and shelters to help newly adopted dogs transition to their forever homes by providing pet parents with support and free access to dog training.

## How It Works

### 1. Create Your Dog's Profile

Within 48 hours of adopting your dog (congratulations!), you will receive an email request from Puptalk asking for basic information about your dog and home environment. This information will be used to help create a profile for your dog.

### 2. 30 Days Of Customized Content

Over the course of the 30 day program, you will receive recommendations from our team of trainers. These recommendations will come in the form of email, video and podcast content. Expect to hear from us every 2-3 days.

### 3. Unlimited Access To Trainers

For the duration of the 30-day program, you have unlimited access to Puptalk's team of dog trainers. By clicking *Ask A Trainer*, accessible from every page of [www.puptalk.org](http://www.puptalk.org), you can submit questions related to your dog. There's no limit on how many questions you can ask! You will hear back from one of our trainers within 2 business days.
